Template for the invitation to the Parents' Evening
at the elementary school (grade 4)

Subject "Family, Love, Sexuality and the Origin of Human Life!"

Dear parents,

your children are in the early stages of puberty. They grow up and change. Some children already have a lot of questions and are looking for the answers to them, for example on the Internet or among friends. Sometimes the children and young people are sent videos or pictures with pornographic content. Some find this funny, cool, exciting, or disgusting. Others simply forward the content. They make themselves liable to prosecution, often without knowing about it. But the following fact is even worse: these media spread the wrong image of love, partnership and relationship. They sometimes encourage violence and unprotected sex. They can also lead to unwanted pregnancies, disappointments, and inferiority complexes.

Parents and school are responsible for enlightenment of pupils. Issues such as **family, love, sexuality and the origins of human life** are among the most important issues in family upbringing and sex education. We will soon deal with that in class. The pupils are going to receive professional, sensible and age-appropriate explanations about:

- Development of personality and self-determination
- Setting limits as protection against sexual abuse
- Family, friends, society and role models
- Origin of human life
- Puberty and personal hygiene
- Construction of genital organs and contraception
- Legal consequences of the dissemination of pornographic content

These topics are very exciting or even disturbing for the students. Afterwards, they may want to talk to you and ask many more questions. **We would therefore like to invite you to the Parents' Evening** in advance. We will discuss the content of the lesson with you and answer your questions.

Parents' Evening takes place on at

Address: **Room:**

Please let us know by at the latest whether you can come to our Parents' Evening.

Do you need an interpreter for the event?

Please let us know about it **in your registration** or organize the translation yourself by calling the **“SiSA-Sprachmittlung in Sachsen-Anhalt” hotline number: 0345 - 21 38 93 99**

With best regards

.....

Please fill out the registration!

Registration for Parents' Evening on at ...

Child's name:

I will take part in the Parents' Evening

yes no

I need an interpreter

yes

if so, in which language?

Date, signature.....

Cut off here and give it back to the class teacher
